RE: Amended, Add -On Documents, FMERPA Final Report

Dear Ms. Canterbury:

On behalf of the ten Jersey Professional Management Consultants/Associates that contributed to this project, it is our pleasure to submit the enclosed amended add-on documents to the Final Report previously submitted to you on July 7, 2008.

This current Task 4 and Addenda Documents will replace those former sections of the Final Report. The enclosed report sections now include the Borough of Little Silver as the 6th Neighboring Municipality in the Feasibility Study for possible Shared Services.

This amended Final Report represents the results and recommendations of the Feasibility Study for possible Shared Services for the Emergency Services for the Fort Monmouth Economic and Revitalization Authority. This Final Report is the result of over 3 months of intensive analysis of the departments and volunteer organizations that provide Emergency Services to the 3 Host Municipalities and the 6 Neighboring Municipalities.

As we have indicated throughout this Feasibility Study, and as we detail in our acknowledgement section at the end of this Final Report, we sincerely appreciate the significant cooperation, time and effort given to this project by the many Municipal Officials, Employees and Volunteers involved in these departments and volunteer organizations. Without their cooperation, the Final Report would not have been as accurate, thorough or complete.

It has been a pleasure working with you, and all the other FMERPA officials and employees throughout this process. If you have any comments or questions, please do not hesitate to contact me at your convenience.

Sincerely,

Dan Mason, President
Jersey Professional Management
